Hong Kong Stomatological Association presents

Dr. John Kaku Beyond The Limit by Carriere Motion 3D & MSE

Initial

Final

Combination Treatment by Carriere Motion 3D Class III Appliance and Invisalign

Date: 14 April 2024 (Sunday)

Time: 9:00am - 5:30pm

Venue: Forever Green Dental Products Limited
Unit 1308, Wing On Kowloon Centre, 345 Nathan Road, Jordan, Kln, Hong Kong

Language : English

DCHK CPD Points & HKDA CME/CPD Hours: 6 CPD points

CDSHK CME/ CPD Points: NIL

Synopsis

The malocclusion of many patients has both Saggital and Transverse problems. The treatment of the malocclusion using the conventional edgewise fixed appliance or aligners has limitations. However, with the combination treatment using the Carriere Motion 3D Appliances and the MSE (Midfacial Skeletal Expanders), even very difficult cases with severe malocclusion now can be treated successfully and predictably. For this presentation, many cases with combination treatment using Invisalign and Carriere Motion 3D Appliances and MSE will be shown.

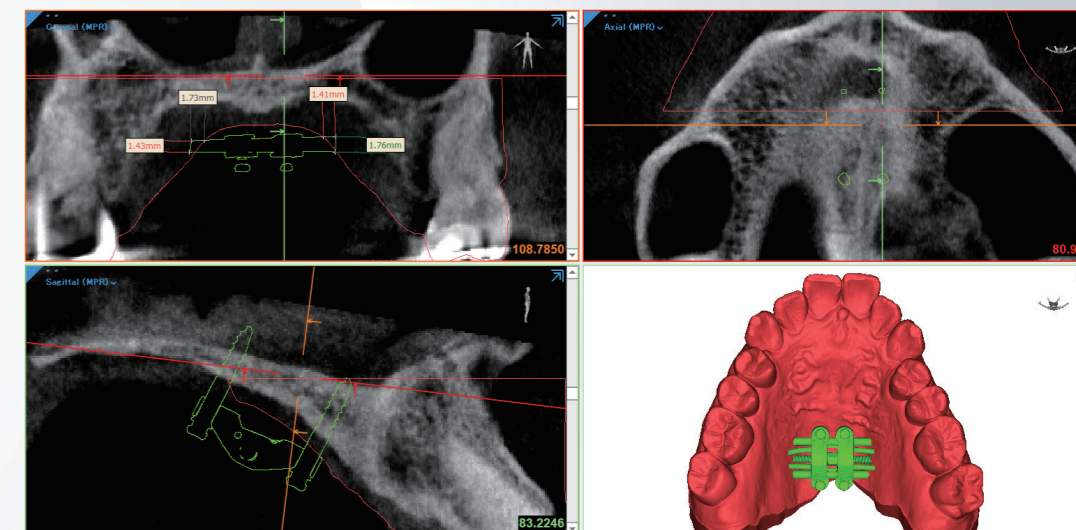

Lecture Outline

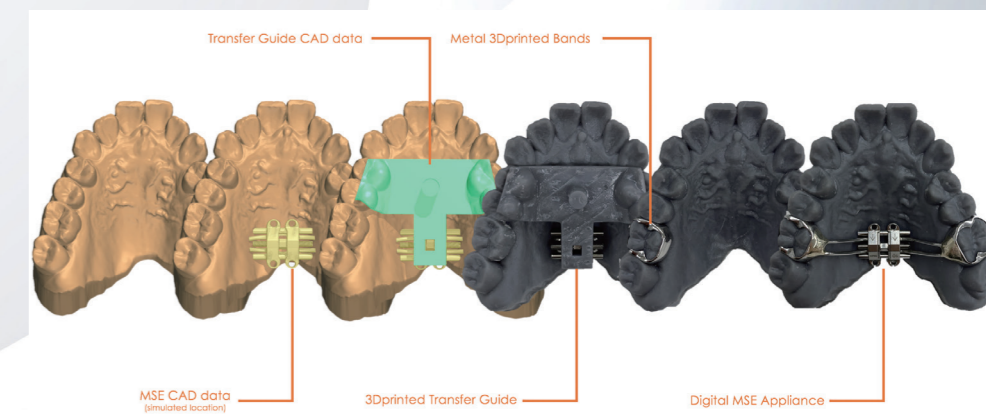

- 9:00-10:30 Case selection for Carriere Motion 3D Appliance and why
- 10:30-10:45 Break
- 10:45-12:15 Limit of molar distalization and management of incisor position
- 12:15-13:45 Lunch
- 13:45-15:15 Carriere Motion 3D Appliance for Phase 1 treatment and MSE for transverse problems
- 15:15-15:30 Break
- 15:30-17:30 Power of MSE and Carriere Motion 3D Appliance combination cases
