67% FEWER Aligners with Motion 3D!

The **SAGITTAL FIRST™** treatment paradigm utilising the **Carriere Motion 3D CLEAR™ Appliance** is designed to **simplify and standardise** your aligner cases, **reducing** the total treatment time and both the **number of attachments and aligners required.**

HENRY SCHEIN[®]
ORTHODONTICS

SLX[®] Clear Aligners

晶麗 隱形牙箍

THE ATTACH-LESS REVOLUTION

Truly unique, the SLX[®] Clear Aligner system greatly reduces and can even eliminate the need for attachments in most cases.

Deep scalloping and loose fit make multiple attachments a necessity for the leading brand.

SLX Aligners feature precision fit and optimized trim heights to capture hard and soft tissue anatomy for exceptional control without attachments.

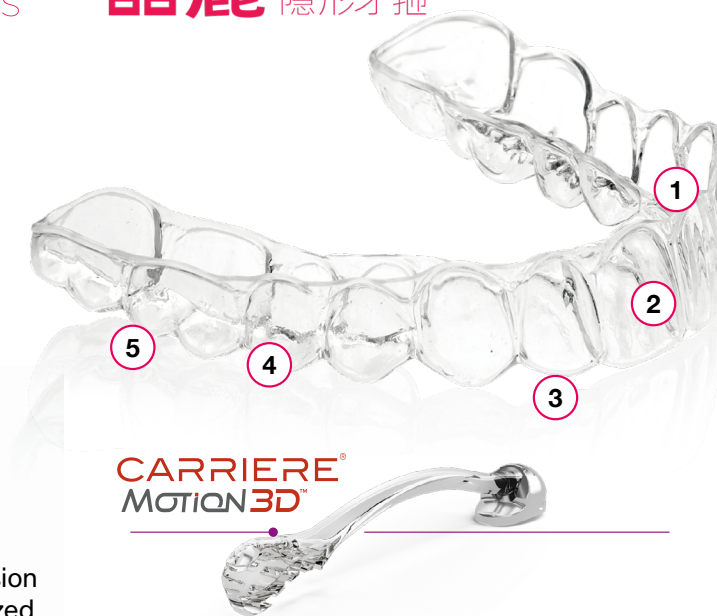

Inaccurate Fit Precision Fit

Superior fit of SLX Aligners shown in high resolution lab analysis.

Dark red and dark blue indicate wide gaps, thus a need for attachments. Yellow and light blue show close contact and precise fit.

*Fit test: Independent 3rd party lab on static initial aligners

BETTER TOGETHER

Patient 6

Treatment in progress : 10 months
3 months with motion, 7 months with SLX Clear Aligner

- Exceptional Fit**
Uniquely captures all available tooth and soft tissue anatomy.
- Optimized Trim**
Contoured to capture the interproximal and gingival margins, further enhancing control independent of attachments.
- ClearWear™ Material**
Precise force levels for comfort and speed of treatment.
- Crystal Clear**
ClearWear Material is guaranteed not to stain or discolor.
- Silky Smooth Edges**
Provide maximum patient comfort.
