He is one of the mentors of the Invisalign (HK) mentorship programme and the speaker of the Invisalign company. Dr. Law got the Dr. Waldemer Brehm Education Award from the International Association of Orthodontics (IAO) in 2016. Dr. Law gave lectures at Hong Kong, Macau, China, Taiwan and Philippines in the past 15 years.

### Synopsis

- Introduction to SLX Clear Aligners: what's unique
- Attachments: how to achieve effective treatment with fewer attachments
- Crystal-clear aligner manufacturing and operations
- ClearWear™ material
- Case selection and treatment planning
- Case submission and DDX software overview
- Increasing efficiencies and profitability with SAGITTAL FIRST™ Philosophy
- You will learn a new paradigm in Class II and Class III treatment with reduction in extraction and surgical cases
- You will see treatment time reduced that will offer long term and stable results without compromising quality
- You will learn how to go from a predictable start to an extraordinary finish
- You will learn the content that can be immediately incorporated into your practice, along with integration techniques for a smooth transition
- Clinical cases sharing

# THE ATTACH-LESS REVOLUTION

Truly unique, the SLX<sup>®</sup> Clear Aligner system greatly reduces and can even eliminate the need for attachments in most cases.

Deep scalloping and loose fit make multiple attachments a necessity for the leading brand.

SLX Aligners feature precision fit and optimized trim heights to capture hard and soft tissue anatomy for exceptional control without attachments.

Inaccurate Fit Precision Fit

\*Fit test: Independent 3<sup>rd</sup> party lab on static initial aligners

- 1 Exceptional Fit**  
Uniquely captures all available tooth and soft tissue anatomy.
- 2 Optimized Trim**  
Contoured to capture the interproximal and gingival margins, further enhancing control independent of attachments.
- 3 ClearWear™ Material**  
Precise force levels for comfort and speed of treatment.
- 4 Crystal Clear**  
ClearWear Material is guaranteed not to stain or discolor.
- 5 Silky Smooth Edges**  
Provide maximum patient comfort.

## SAGITTAL FIRST™ with Carriere® Motion 3D™

Designed to establish a Class I platform at the beginning of treatment to improve predictability, reduce the number of aligners and shorten treatment times.

Treated cases and case simulations by Dr. Luis Carrière.

	Conventional Approach with Aligners Only	SAGITTAL FIRST with Motion 3D CLEAR™	% Aligners Reduction
CASE #1	83 Aligners	28 Aligners	66%
CASE #2	45 Aligners	13 Aligners	71%
CASE #3	39 Aligners	21 Aligners	48%

Join the ATTACH-LESS and SAGITTAL FIRST REVOLUTION!

## About SLX Clear Aligner System

Henry Schein Orthodontics' SLX system is a crystal-clear, silky smooth, next-generation aligner solution with fewer attachments! It incorporates many years of our experience in creating orthodontic appliances and it was thoroughly studied to address your clear aligner issues. It also implemented the paradigm-changing SAGITTAL FIRST™ Philosophy with Carrier Motion 3D CLEAR™ for ultimate aesthetics and efficiency!

## Purposeful Simplicity

Intuitive cloud based portal streamlines case submissions, reviews and tracking:

- Experienced dentally trained technicians facilitate fast and accurate case setups.
- Online portal allows you to share treatment setups with your patients and manage your cases 24 hours a day, 7 days a week from both Mac or PC.
- No software to maintain or update.

## Comprehensive Treatment for Teens and Adults

For treatment flexibility, SLX Clear Aligners are available in the following packages:

- Full Treatment** — Fewer than 30 steps with a **three** year Assurance Plan\* and one set of retainers
- Light** — Fewer than 20 steps with one refinement (if needed) and one set of retainers
- Express** — Fewer than 10 steps or 20 individual aligners with one refinement (if needed) and one set of retainers
- Extra Retainers**

\* Assurance Plan includes revisions (if needed) for up to three year after initial case approval. Conditions may apply.
